

South East Open Studios 2010

Extending your Web Page

For an extra fee, you can extend your web page with additional text and/or images. Add up to 500 extra words for £10 and up to five extra images with titles for £30.

Your page has its own unique web address i.e. <http://www.seos-art/artists/yourname> and will be easily found by search engines such as Google. You could include this address on your personal card and stationery.

Extra text

Add more information about yourself, what inspires you, how you work etc., but try not to make it a CV, visitors are not very interested in a list of dates and places. Send your text on CD or by email. It must be in **Microsoft Word** or **PDF** file format. Please check spelling, grammar and punctuation, as we are unable to amend this on your web page.
